## New Newsletter Debuts This Month

Your Park Place Homeowners Association Board of Directors is proud to introduce the Park Place Press - our replacement for The Pulse which aptly served the community for the past several years.

This first issue is a fair representation of what to expect in future months. Inside you will see some familiar features many of which will be presented in an easy-to-read format. You will note graphic inserts, photos and other items that can now be included with our new publishing process. More than ever, we encourage your contributions – articles for consideration, photos relevant to Park Place, new ideas for regular features, etc. We want the Press to be *YOUR* source of Park Place news, information, education, and enjoyment.

Yes, there will be some “growing pains” as we work with a new name, a new format, new deadlines, new features, an out of town publishing company, and a new editor. Your patience will be appreciated. Rest assured that the Board of Directors’ objective, and mine, is to make the Park Place Press the best community newsletter possible.

# SEBASTIAN'S INLET

Eileen Derrick

No doubt many of you have enjoyed the facilities at the Sebastian Inlet. Would you be surprised to know that the inlet is not a naturally occurring pathway? That it has only been permanently open since 1948? Believe it! After more than 10 failed attempts spanning 68 years, we finally have an inlet that remains open today!

The native Ais Indians found a narrow spot just north of today's McLarty Museum and used it as a haul over spot to move their dugout canoes between the ocean and river. It is believed to have been open in this area during the shipwreck of the 1715 Plate Fleet. And then nature closed it. The first attempt at opening a permanent inlet was spear-headed by Thomas New, Sebastian's first Postmaster. Circa 1881, New organized an effort to dig a narrow ditch (called New's Cut) at the old Indian haul over site to float driftwood from the beach to the river, as the driftwood was a source of lumber for building houses. Although it eventually filled in, the narrow site became a popular location to land a boat then walk across the barrier island and enjoy the ocean.

Shortly thereafter, Captain David Gibson successfully opened Gibson's Cut. Evidence suggests that it was in place in 1881 but other sources cite the opening in 1886. Regardless of the date, it kept filling in with sand and eventually Gibson gave up. Numerous ventures from the end of the 19th century up until World War 1 also failed. The methodology for these attempts was to dig a canal opposite the mouth of the St Sebastian River but leave a small embankment by the ocean dunes. When the river level was high (in the fall, perhaps after a tropical storm) they would break through and the high water under pressure on the river side was expected to rush through and scour a wider channel. Except that it didn't happen that way. An inlet to the ocean continued to elude all who tried.

World War 1 brought another problem - food shortages. With supplies scarce, families needed the seafood. But pollution in the river (perhaps from the turpentine camps along the river) had diminished the supply of fresh fish. (Remember at the time Sebastian was the banks of the "Indian River" and the word "lagoon" and its implications were unknown.) The solution - an influx of unpolluted water from the ocean to the river - meant an inlet was critical to their survival. Enter Roy Couch from nearby Grant, who patented the Couch electric pump

and created a diesel-powered suction dredge on a barge that eventually was able dig a canal in 9 months from the river side, then using a steam shovel to break through from the ocean side. A breakwater and retaining walls were included. This very system had worked successfully at the St. Lucie inlet 20 years before. But the President on the Florida Engineering Society predicted failure in this 1918 effort due to the poor inlet location. And he was right. A skiff that passed through when the inlet opened had a difficult time reentering later that day. The inlet was filled with sand within 36 hours.

But the die was cast. More attempts were made, and the citizens lobbied Tallahassee to create a special inlet taxing district. Funds were raised and the inlet was successfully open for navigation in 1923. Storms continued to close it periodically, but the taxing district continued to improve the inlet, adding jetties despite the persistent problems. The inlet would open, then a storm would close it. Again, and again. An appeal to the federal government in the 1930's failed. World War II and another northeaster intervened, and the inlet again filled with sand. For security purposes a lookout tower had been placed there and the inlet remained closed although Naval training operations were conducted there. Finally in 1947 Congress agreed to provide funds to reopen the inlet. Using dynamite left over from WWII, the inlet was blasted open, but a tropical storm closed it the next day. Finally, the inlet opened for good in October of 1948. Next came the long wait for a bridge to reconnect the barrier island by crossing the inlet, finally completed in 1965. The taxing district funds its operation by taxing the citizens in Brevard and Indian River County to maintain and improve the inlet. So, the next time you drive over the inlet or fish from the jetty, remember those hearty pioneers before you who worked tirelessly for 68 years to leave behind a working inlet for the health of the river, to benefit the commercial fishermen, and for the enjoyment of boaters and anglers.

## WHERE I'M FROM (IT DOESN'T MATTER)

*Dave Daniels*

I'm from Iowa. My wife Jackie is from Wisconsin. Our son was born in Iowa, our two daughters in South Korea. Our granddaughter was born in Germany, our grandsons in the Netherlands. But all that doesn't matter.

Too often when we meet strangers in Florida, the first thing they say is "I'm from (pick your choice). That really doesn't matter. Where you are from should not define who you are today.

What matters is how we live our lives and react with others around us. Yes, I'm proud to be from Iowa, as Jackie is proud to be from Wisconsin. But I'm more concerned and take pride in how we treat each other here, where we live today.

Do we contribute to the community where we live? Whether it is Park Place, Sebastian, Indian River County or Florida, do we do what we can to make things better?

Do we contribute to local charities? Do we support special programs like the Back Pack Lunch? Do we give to the Halo No Kill Rescue and the Visiting Nurses? Do we help our church in their local outreach programs? The Salvation Army, St. Vincent DePaul and Habitat for Humanity work locally to help those in need. And yes, there are those in need in our community.

Do we support local businesses? Not just Speedway gas, McDonalds, and KFC but the independent restaurants that pop up (and sometimes go away). Sebastian, Vero Beach and Melbourne are full of independents that offer good value, put locals to work and need our support.

Do we support our county? I work for the Elections Board as a Deputy at a polling place. They have other needs that come up during the election cycle. Call them and find out. The County has need for volunteers to help in various agencies. Give them a call.

Do we support Park Place? Activities need people to do more than just participate. Dart Baseball, Wi Bowling, Saturday breakfasts, SCOPP, CARES, the Block Captain program, the Park Place Homeowners Association, the new Park Place PRESS all need helpers to some degree. You don't have to do everything, every week. But do something!

Don't tell me where you are from. Ask me if you can help.

### HOCKSTAD'S WIN BLUE HERON AWARD

Long time Park Place residents, Jerry and Mary Hockstad, were awarded the 2022 Blue Heron Community Service award. The recognition was given, by PPHA president Kurt Nault, at the PPHA annual meeting last February 22nd.

"Team Hockstad" has generously served our community for more than 30 years as volunteers for many SCOPP events, service on the PPHA Board of Directors, production and direction of many theater productions, and organization of the Tennis League. Most notably, Jerry and Mary served as editors of the *Park Place Pipeline* and *Park Place Pulse* newsletters over a span of nearly 14 years.

Dennis Connelly was also recognized for his volunteer contributions including, but not limited to years of volunteer help, formation and leadership in many group activities, use of his sound system and help with numerous other Park Place events

On Saturday, March 5 our clubhouse will be turned into an auction center. The proceeds will benefit the Park Place Backpack Program for Sebastian Elementary School.

The doors will be open from noon to 4pm. There is no charge for entry. Come and browse. If you see something you like drop a ticket in. Ticket prices are 1 for \$1, 8 for \$5, and 20 for \$10. **IMPORTANT** your name and phone number **MUST** be legible on each ticket. Better yet use those return address labels companies are always sending you. The drawings will be held pool side starting at 4:30pm. You do not need to be present to win. Your items will be delivered to you.

The auction has been two years in the making. Auction items were made and donated by Park Place residents (The original auction was scheduled for March 28, 2020). We hope you will come and look around. The Backpack Program needs your help.

As you read this exciting first edition of the Park Place Press, it's a perfect time to include a short history of this wonderful community sport. Park Place Bocce Ball started about 12 years ago, when Lenny Zitz spearheaded the idea to provide this activity to residents. He then offered his expert skills to build a bocce ball court atop one of the shuffleboard courts. The popularity of the sport was a natural fit for our community, as many from the northeast were already familiar with bocce ball, originally referred to as lawn bowling.

The years that followed saw a significant increase of participants, with Lenny Zitz eventually naming Tony Sporer the new "commissioner". Park Place management soon recognized the need for another court, constructing an

awesome, regulation-sized, all-weather court. Offering a fall, winter, and spring session each year, and lots of other informal play, our courts see a lot of action. Currently, we have over 60 players in our winter session, and now have a co-commissioner, Sara Cullinan. Our fingers are crossed that Sun Communities will soon provide a second regulation-sized court, adjacent to the existing one, and complete with covered benches, to accommodate our growing group.

During our current winter session, teams have enjoyed some excellent matches. Many have joined the elusive and exclusive Pallino Necklace Club, where four points are scored

by surrounding the little white ball with all your own balls. Recently, and unbelievably, Diane DiSalle rolled two Pallino Necklaces in one day. Then, lo and behold, Gil DiSalle did the very same thing! Apparently, even in something as innocuous as bocce ball, miracles never cease.

Speaking of Pallino Necklaces, Joyce Kilhefner leads the league with four, followed closely by Tom Pensabene, Yvon Caouette, Lynn Cappetta, Candi Kalinowski, Gil DiSalle, and Randy Thornton, all with three. Speaking of upsets, Larry & Randa Tiggis recently knocked a team out of first place, and Barb & Doreen Whittaker did the same thing. With this activity, anybody can have a hot hand, on any given day!

Despite some chilly weather in late January and early February, teams have experienced tons of spirited play, with many excellent frames being rolled. Our teams have also handled a tricky schedule very well, with quite a few rescheduled matches required. Seasoned veterans like the Bowles, McElroys, Sporer, Lawsons, Grohs, Brian Nast, Joel Roth, and Rose Lang have helped many newcomers learn our game and rules. Judging from the raucous laughter frequently heard, Park Place bocce ball teams are obviously having a lot of fun. We play every Monday and Wednesday mornings, as well as other matches at various other times. Next year we will likely switch to Mondays and Tuesdays, or Mondays and Fridays. This will prevent an overlap with Dart Baseball, as many residents wish to do both of these great activities. New bocce ball participants are always welcome, so please stop by and check out the action. You will find our group to be both welcoming and helpful. **SEE YOU ON THE COURTS!**

March is a busy month. Not only do we have the rollout of the Press, but we also have the Spring Park Place Community Yard Sale on Saturday, the 12th. Planning is well under way. The Block Captains will again provide traffic control. Kathy Fulton and Sun Communities will pay for each home's city sales permit and the advertising. We have changed the start time from **9:00AM to 8:00AM** in hopes of capturing more of the early bird "yard salers". Our ending time this year will be Noon. To make it easier on everyone, the rain date will be the next day, Sunday the 13th. We continue to evaluate and refine our one-way traffic plan and encourage all residents to be patient during this four-hour period. To sell in the yard sale, you must register. At press time, there is just one more chance to register - Friday, March 4th, between the hours of 1:00 – 3:00 PM in the Clubhouse. **TRYING TO SAVE MONEY ON PRESCRIPTIONS?  
BE ALERT. THERE ARE FAKE MEDS TOO!**

*By Joel Roth, BC Team Leader*

When I started researching this subject, I realized just how dangerous and potentially lethal a fake or reduced content prescription could be. Innocent seniors are hurt and the medical condition they are trying to treat deteriorates quickly leading to more doctor visits, more prescriptions resulting in more cost...or worse!

Many health plans encourage you to use mail order prescription drugs to save money but be very careful of the websites you use to order your meds. If your plan has a mail order site, that would be the best place to start. By ordering in larger quantities for a several months supply will cut cost but will require a bigger initial payment.

It's that old saying that we hear frequently; 'If it sounds too good to be true, it is too good ....' you know the rest of the phrase.

**How to identify mail order drug fakes:**

First: Know your medications. Become familiar with the look, taste, size, shape, color, and markings of your daily medications. (Cell phone picture records are cheap and easy.) If there are any changes in the appearance of your medicine, this could be a sign of a counterfeit. If you smell any strange odors, it could be a sign of contamination.

Because generic drugs may be produced by different manufacturers, your generic medication may have different sizes and shapes, so be sure to check the website of the generic drug manufacturer to compare it with the medication you received.

Second: Pay attention to packaging. Check for any signs that your medication packaging or seal has been tampered with. Has the container been altered? Is the seal broken or resealed? Does the package look different from previous ones? Check the list of active ingredients or dosage amounts. Are there spelling errors or poor print quality? These are signs of a fake or counterfeit prescription.

**Think you have a fake drug?** If you suspect you have a counterfeit prescription, here's what to do:

First: Protect yourself. Even if you are not experiencing adverse side effects, seek medical attention immediately if you suspect that your medication is counterfeit. Call and talk to your health care provider or dial 911 for immediate care.

Consult a local pharmacist that you use for other prescriptions or over the counter medications. Pharmacists are extensively trained in being able to identify the appearance and packaging of legitimate medication.

Second: Protect others by reporting to The Food and Drug Administration's MedWatch Program is responsible for ensuring the safety and integrity of the national drug supply, and it relies on the public to help fight back against counterfeit drugs. It is also a good resource for checking on fake drugs and alerts on illegal suppliers. Their full website address is <https://www.fda.gov/safety/medwatch-fda-safety-information-and-adverse-event-reporting-program>. The security lock will appear when you click enter.

If you are interested, the FDA MedWatch Program also has other sections or alert newsletters you can sign up for to keep you informed.

In addition to prescription drugs, FDA MedWatch includes

## OPERATION HERON DECAL DAY SUCCESSFUL!

*Joel Roth, BC Team Leader*

On Wednesday, February 2, Block Captains set up two 2-hour segments for residents to stop in the postal center parking lot and have a Block Captain install a FREE Heron decal put on their vehicle. A record 42 Park Place residents participated with Heron Security decals placed on vehicles that day, helping to increase our park security.

In addition, BCs offered two house number plaques as prize drawings to residents just for stopping by. The decorative silver and black house number oval plaques with regulation size 4" reflective numbers were donated by Sun Communities.

Any resident who stopped by during the event received a prize drawing ticket. A total of 64 entry tickets were given to residents. Peggy Schaefer, representing Sun Communities drew the winning tickets later in the day. Winners are John Rodrequiz & Mary McWade of 3612 W. **CLASSIC BOOK CLUB.** The Classic Book Club will read Wuthering Heights by Emily Bronte for March 9. We will meet at 1pm on Wednesday in the Clubhouse Library.

Wuthering Heights is an 1847 novel by Emily Brontë. Brontë's only novel, it is the story of inseparable soulmates Heathcliff and Catherine Earnshaw, and how betrayal, revenge and brutality led them down a dark path.

*Wuthering Heights* is a story of love, hate, social status, and revenge set in the moorlands of Northern England at the end of the 18th century. The novel follows the repercussions of the ill-fated love between the impetuous, strong-willed protagonists Catherine "Cathy" Earnshaw and Heathcliff. The story is narrated in diary-like entries by Lockwood, a tenant of one of Heathcliff's estates. Lockwood annotates and gathers the story told to him by Nelly Dean, the housekeeper, also records his present-day interactions to create the frame of the story. The events taking place in *Wuthering Heights* span a 40-year period.

Published in December 1847, the novel was met with negative feedback, due to its inappropriate and controversial content, as well as challenging against strict Victorian classes and ideals at the time.

Brontë died just a year after publication, but *Wuthering Heights* would be regarded as one of the greatest classic novels and is even an example of Gothic literature.

Next up for April 13 is *Lost Horizon* by James Hilton. Contact Betty Mattiford for information 772-589-8478 or [mattiford@yahoo.com](mailto:mattiford@yahoo.com).

**DARTBALL:** Last month brought us a couple of cool and even a rainy day. But that didn't stop our enthusiastic players. There was plenty of scoring and cheering with a couple of ear-splitting home runs. We are experimenting with a practice session from 2pm to 4 pm after the regular game to see how much interest there is among the players. Keep checking the bulletin board

in the mailroom as it is the best place for the most accurate information.

This month will close out the season with the Championship Games and Awards Luncheon on March 30th. A sign-up sheet for players and guests will be posted on the bulletin board by mid-March. Charley Hlavin, "The Commish" (772-581-1484), [beachbmzz@bellsouth.net](mailto:beachbmzz@bellsouth.net)

**PARK PLACE SINGLES:** We're Back! We have 47 members and are looking for more. Send an email to [Tonymacaluso@hotmail.com](mailto:Tonymacaluso@hotmail.com) to be added to mailing list.

We had our first get together at the Tiki Bar. Our Pontoon boat ride was well attended, and everyone had a fun time. Our last outing to the Brevard Zoo was a great success.

We need feedback on your interests. Plans are as follows:

The Singles Group will be going to the IRSC HALLSTROM PLANETARIUM with dinner on the way home optional. The trip is for March 5 Saturday at 2:30 pm. We will meet in the parking lot by the tennis courts at 1pm. Please be prompt as it is a 45-minute drive plus parking plus seating. The cost is \$5. Tickets must be bought ahead of time. So, sign up on the poster in the mailroom by Feb. 28, 2022. Please pay Betty Mattiford ([mattiford@yahoo.com](mailto:mattiford@yahoo.com)) \$5 if you sign up.

We will hear a program on the planets. A recorded narration by Kate Mulgrew takes us on a tour of the solar system. It will explore the surface of Mars, the perils of the asteroid belt, the cold rings of story gas planets, and the features of other solar systems. If you have questions, contact Tony Macaluso: [tonymacaluso@hotmail.com](mailto:tonymacaluso@hotmail.com).

**PICKLEBALL:** Pickleball is one of the fastest growing sports in the country, and the interest here in Park Place is no exception! Over the past two years, Barbara Whitaker has organized and conducted two very successful pickleball beginner's clinics. With all of the new players there are regularly 16-20 players at

any time. Because of the increased interest we have painted two additional pickleball courts bringing the total to 4 courts! We also have added additional playing days on Tuesday, Thursday, and Saturday at 8:00 am during the winter season. Although everyone is welcome to play on any day, if you have ever watched the play on Monday, Wednesday, and Friday...it can look rather challenging! We recognize that, so in addition to adding more playing time on Tuesdays, Thursdays, and Saturdays, these days are also dedicated to more casual playing, no matter the skill level.

For anyone interested in playing, the scheduled hours for open play are:

Monday, Wednesday, Friday - 7:30 to 11:00AM

Tuesday, Thursday, Saturday - 8:00 to 11:00AM

At any other time, the courts are available for recreational play – either tennis or pickleball.

SEE YOU ON THE COURTS!

**PINOCHLE:** If you enjoy playing pinochle, you are invited to join us Monday afternoon at 1:00 in the card room. Activity leaders: Nancy Wolaver (388-1198) and Bill Bolt (388-0302)

**POOL AEROBICS:** We are back to women at 10 a.m. and men at 11 a.m., still Mon. Wed. & Fri. Activity Leader: Joan Kohl 589-5873 & Rose Lang 589-3753

**POOL VOLLEYBALL - COME ON DOWN!** Two sessions a day on Tue., Thurs., and Sat. from 11:45 AM - 12:45 PM and 1 PM to 2 PM. The two sessions are to address the 20 player per hour limit. It's time to implement the STANDARD RULES! Sign in should not begin before 11:30 AM for the first hour of play at 11:45 AM. NO signing in another person! The second hour sign in begins at 12:45 PM, with game play at 1 PM. This allows those that didn't make the first session first shot at the 2nd hour. Those that played the first can play the second, up to the 20-person limit. Only half the pool is used; the remainder is open. Twenty Player limit per session. Activity Chair: Brad Sary

**POTLUCK SUPPERS:** I'm sorry to say that there will be no Potluck for the month of March. We plan to start them up again in April when the Covid situation is more under control. Until then, look up some of your favorite recipes and be ready when Potlucks start again. Joan Hlavin, Chairperson: (772 581-1484)

**TEXAS HOLD'EM** Weekly Monday Night Open to all residents of Park Place. Starts promptly at 6 PM. Dennis Connelly (772-202-7823)

**THURSDAY NIGHT CARDS:** We start at 6:30 PM till 9 pm. We are looking for a few more players. If you think you might be interested, come on down and observe. Not serious gambling, more fun and socializing. Questions: Activity Leader: Tony

Macaluso 630-347-8893

**Wii BOWLING:** Having a good season. Players are having a fun hour of enjoyment and socializing. Any resident is invited to watch the thrill of victory and the agony of defeat. **WOMAN'S WATER AEROBICS:** The 9 AM water aerobics class is still going strong. Come in ladies and join the group. Question: Contact: Activity Leaders Debby Clark or Claire Bolt.

**YOGA: DOING AND RECEIVING.** I read a good article last summer on "DOING YOGA". If you are like me, you have a "to do" list for the day. My list always includes going to yoga on Tuesday and Thursday. When you get to class, do you give a giant exhale that you made it and check it off the "to do" list for today? Should we be "DOING yoga"?

Yoga should not be one more thing we have to DO. Practicing yoga is really a gift we receive. We receive much more from a class than we "DO" in class. Many yoga classes are called "yoga flow". You flow through the poses gracefully focusing on your breath and movement. When you practice, think about what you are receiving through the quietness and routine of yoga — the calmness, the peace, the focus, the balance, the strength, the flexibility, and the breath.

Next time you come to yoga try to think "What gifts will I RECEIVE from my yoga practice today? You can join our classes every Tuesday and Thursday at 9 am format yoga and 10 am for chair yoga. Call Betty Mattiford for more information 772-589-8478 or email [mattiford@yahoo.com](mailto:mattiford@yahoo.com).

**3-13:** Wednesday night at 6:30 PM, that's the place to be for 3-13. It's a card game that can be learned easily before we start. It costs \$3.00 and that's all you need to bring. Come down and meet new people. Please wear a mask. Activity Leader: Lynn Carpenter, 843-455-0968.
